1. On 15 June 1954, [REDACTED] Executive Assistant to the Director, advised me that the Director had talked to Representative John Taber, Chairman of the House Appropriations Committee, who had suggested that I bring to the Senate Appropriations Committee Room sometime between 1:30 and 3:00 p.m. that afternoon a copy of the referenced letter in order that he and Senator Bridges might initial it, thereby indicating formal approval of the Senate and House Appropriations Committees to the proposal contained therein.

2. Accordingly, I contacted Mr. Taber in the Senate Appropriations Committee Room at about 2:10 p.m. and shortly thereafter Senator Bridges in Room P-49 at which times I witnessed their initials on the letter.
